July Newsletter 2015

Welcome

We would like to say a big welcome to Lily and Spencer into Daisies. Oliver and Francesca into Buttercups. Charlie, Kaobim, Willow, Daisy and Sophie M into Tulips. Samer Harrison T and Laila into Sunflowers.

Term Dates

This term will end on the 17th July for the summer.
The new term starts again on the 7th September 2015.

Reminders

Can I remind all parents that you are not allowed to let other parents through the nursery front door. As you all can appreciate we need to make the nursery as safe as we can and if parents let others through the door we are unaware of who is entering the building. You must press the buzzer for a practitioner to let you in. Also between the hours of 11.30-2.00 can you please buzz the staff room as the babies are sleeping.

Changes to the Garden

Liz and Eric have already started making amendments to the garden, you will notice the bark has been taken away and the assault course has been taken down. This has been a fantastic improvement and we are excited for future changes.

Nursery Graduation

Graduation photos took place this Friday 10th July. Pre-school will be celebrating their graduation on the 17th July starting at 6.00pm-7.15pm. We will be providing a bouncy castle for the children to enjoy but we are asking parents/carers to donate nibbles for the evening. We have a list in the pre-school room if you wish to provide food.

We hope it will be a lovely evening to celebrate your time with us at Whiz Kids and we hope every success for your child's future.

Happy Birthday!

We would like to wish Happy Birthday to these children in July.

Kaobim, Willow, Daisy and Sophie M will be 2. Laila and Harrison T will be 3. Zain, Bethany N, Sri and Sophie W will be 4.

Also a very Happy Birthday to Emma V in Buttercups.

Themes in July

This month's topic is focused on Holidays, can you please bring in some holiday photos to share. If you have any holiday brochures we would be grateful if you could bring them in for imaginative play. We will also be celebrating Eid, we will attempt to try and make Asian sweets, offer food tasting and let the children experience making their own henna's.
